of Design and Quality as Villa Casa Ambassador!*

## Explore Villa Ambassador

Villa Ambassador (650 square meters) is located at Ano Diakofti in Mykonos and it has a panoramic view of the City, the port of Mykonos and Ormo.

The plot, on which the villa is built, is 1.200 m<sup>2</sup> and it is fully configured at different levels which are oriented towards the stunning view of the island. The predominant colours are white and the beige tones of raw limestone 'travertino'. The amazing architecture of the villa is characterized by a strong sculptural style with predominantly elements of Mykonian tradition, in combination with art and minimal influences. This creates an exotic and dreamy elegant atmosphere.

The villa's main swimming pool 150 m<sup>2</sup> overflows with perimeter waterfalls in two smaller pools and a hot tub for 6 people. These two are below the main pool and at different levels. The main pool is located at the middle level in the center of the courtyard and is surrounded by marble floors of 500 square meters, with 3 large built-in outdoor living rooms with lovely pillows and panoramic views of the bay and the island of Mykonos. Tall, round white stone walls define it and ensure its privacy. It has 2 external entrances, the main one leading to the central level with the pools and the covered outdoor dining area - barbecue, while the second entrance is on the highest level and serves the Top Master Suite. Outside these entrances are 5 outdoor parking spaces. The villa extends into 3 levels which communicate with each other with internal and external stairs. It consists of 9 large independent bedrooms, all with their own bathroom, and an auxiliary room with an internal bath. At the top level is the Top Master Bedroom (90 m<sup>2</sup>), surrounded by large windows with panoramic view and an exclusive 60 m<sup>2</sup> terrace with a hot tub and outdoor bar.

It also has an internal and independent exterior entrance and private parking. Inside there is a large built bathtub with stunning view, an in-
